I am a technology enthusiast with a computer science background and a creative mindset. I have worked as a Graphic Designer for over 3 years, alongside personal projects. I create interior and building visualizations in a 3D environment, record and edit videos, design website UI/UX, and develop a home server and smart home automations.

PROFESSIONAL EXPERIENCE

Graphic Designer  Domator24, Zielona Góra (remote) | November 2025 - present

- Creating content for two e-commerce brands — Diablo Chairs and Jan Nowak — from product graphics to social media video, working daily with the e-commerce and Product teams.
- Analyzing customer needs and translating them into new features for existing and new products.
- Launching new products on the Diablo Chairs and Jan Nowak stores.
- Creating marketing content: static graphics, banners and social media videos.

Graphic Designer  Nokia Solutions and Networks, Wrocław (remote) | April 2023 - present

- Vector graphics for technical documentation in the 5G and AI DevOps divisions; co-author of the new Graphic Guide for software and hardware illustrations.
- Guidelines and a custom JSX (ExtendScript) script for automatic color conversion between the documentation's light and dark modes, in line with WCAG 2.1; automated export and source file splitting.
- Editing instructional videos, Power Automate automations for the graphics team (SharePoint, Planner, OneDrive), and co-designing Power BI/Tableau dashboards with the UX/UI team.

Video Editor, Content Specialist  Pixelmode.gg, London (UK) (remote, freelance) | May 2025 - October 2025

- Creating and editing video content for YouTube as well as short-form videos (shorts) for TikTok, Instagram, X, and YouTube Shorts.
- Publishing social media content and producing analytical reports summarizing and comparing statistics across all platforms.
- Co-creating clients' video branding — motion graphics, intros, outros.
- Direct collaboration with World Technology and the European Startup Prize.
